

COVID 19 UPDATE NSW REGIONALISATION STRATEGY REMOVED

SEPTEMBER 21 2020

HRNSW today addressed the regional racing strategy which will be removed for ALL harness meetings scheduled for Friday 25 September 2020 and beyond.

Established HRNSW COVID-19 Protocols will be retained at all tracks until such time as rescinded by NSW Health Orders.

HRNSW will continue to monitor health concerns and continue to follow the lead of Government in respect of the COVID-19 pandemic. If necessary HRNSW protocols will be enhanced to minimise risk to the industry and the continuation of racing in regions.

NSW Breeders Challenge Conditions will remain effective.
